- Currently Learning

EXTRA-CURRICULAR ACTIVITIES

Published books | Writing

2020

Amazon kindle

- Wrote and published two books on amazon kindle at 15. My first book is "The Dark Beast", a fictional work and the second book is "How to beat YouTube Algorithm". I am currently working on the my third book (The way I Perceive the world) and will publish it on my 18th birthday.

App development | Mobile Development

Arwachin India

- Made an Application for the school that allowed students to track: progress in the classroom, Student Attendance, Home Work, list of new events, Resister for the event, School planner with exam dates, To-Do list, Fee structure, and total fees left. The ID and Password are provided by the school. After my presentation, they bought the application without me them.

Thought Creator| Own Initiative

Online Mobile Application

JUNE - 2021

- A Start Up I am Creating that will Help kids of grade 4th to 12th to study with maximum Productivity. we have designed Intricate and very effective algorithms that will help them mange their time effectively, a parents account where a parent can track the progress of their kid to help them improve with all the educational content, life lessons, and more.

Podcast | Hobbies

Spotify | Apple Podcast | Google Podcast | RadioPublic | Pocket Casts

SEPT - 2021

- I make educational podcast on interesting topics like the "Drug God of the world"(Pablo Escobar) , "Theory behind Dinosaurs extinction!", "Is gravity a force", and "How this telescope can look back in time?" I made a Community of people from more than 40 countries.

Swamini's Collection | Own Initiative

Online & Offline

DEC - 2020

- My brother and I researched the market of Surat Sarees(a luxurious women's clothing material), which is very rare yet demanded in our area. So we went on a trip to Surat, negotiated with the producers, advertised our offers and went on to earn 6000 USD in profits over time.

Workshops for less fortunate | Community Service

Burhanpur

JUNE - 2019

- My father and I have organised free sewing courses for women struggling financially. We expanded the project by showing these women and their kids on how to use computers to access the vast resources online and helping them throughout their own journey of mastery of photoshop, excel, etc.

Arwachin Code Club | Interest Clubs

Arwachin India

2020 - Present

- I am the President of the affinity group of my school. We encourage students to learn coding, help them with their difficulties, and work on projects. Our biggest success would be teacher's attendance bot which took data about the status of attendance of teacher and their work schedule eventually to assign substitution.

Vice President of the Student council | Student Government,

Arwachin India

2019 - 2022

- I was the Deputy Head boy of the school and the student council. And was in the council for 3 years

Helped COVID Warriors & less fortunate | Community Service

Burhanpur

APR - 2020

- Gave away 100 bottles of sanitiser, 300 - 400 masks, PPE kits, medicines to a local hospital in dire need of supplies for treating the needy.
